

**In the Specification:**

Please amend the specification as shown:

Please delete the paragraphs on page 9, lines 19-25 and replace them with the following paragraphs:

Figure 2 shows the positions of sequences of a primer used for the amplification of a human STS DYS237 gene in the 5'-side and the 3'-side (SEQ ID NO: 41).

Figure 3 shows the positions of a primer used for the amplification of an sY160 gene in the 5'-side and 3'-side (SEQ ID NO: 42).

Figure 4 shows the positions of a primer used for the amplification of an M13mp18RT DNA in the 5'-side and 3'-side (SEQ ID NO: 43).
